

LATIN AMERICAN & CARIBBEAN NEW CAR ASSESSMENT PROGRAMME (Latin NCAP)

Latin NCAP Adult Occupant protection Assessment Protocol 2016 Addendum v1.0 – May 2016

6.4.1 Star rating limit

In order to avoid the highly undesirable situation of a vehicle gaining a rating of multiple stars when an important and vital body region is poorly protected (colour red), the rating will be limited to no more than 1 star regardless of the total number of points scored.

6.4.2 Relationship between points and stars for frontal and side tests.

In order to avoid the indescribable situation of a vehicle performing very poorly in the frontal or side tests, with a difference of scores in front and side above 35%, the car will have its Adult star rating reduced by one star to show that do not provide similar good all-around protection.
